The diagram shows a road layout with three horizontal lines: a solid black line at the top, a dashed orange line in the middle, and a solid orange line at the bottom. A light gray shaded area is located between the solid black line and the dashed orange line. Various markers are placed along these lines: a small black dot on the solid black line, a small black dash on the solid black line, a small black dash on the dashed orange line, and a small orange dot on the solid orange line.
